C/W 100 hour inspection referencing FAR 43 appendix (d) and McCauley service/ maintenance manuals. Inspected blades for nicks, dents, and erosion. Blended nicks out of blade leading edges and re-painted faded white markings on tips. Verified AD compliance bi-weekly to 12/12/2017 per manufacturer. No new applicable AD's found at this time. A complete AD summery has been furnished to the aircraft owner and is part of the aircraft permanent records. *I certify that this* ***propeller*** *has been inspected in accordance with a* ***100hr inspection*** *and was determined to be in an airworthy condition at this time.*
